ASSAIL VALIDITY OF IMPEACHMENT

Sulzer's Lawyers Move to Dismiss Proceedings.

COURT ADJOURNS TO MONDAY

Argument on the Motion Will Then Be Resumed and May Last Several Days—Governor Sulzer Concedes He Has No Right to Exercise the Duties of His Office Pending Outcome of the Trial.

Albany, N. Y., Sept. 20.—Having lost their first skirmish in the legal battle to prevent Governor Sulzer from coming to trial counsel for the accused executive attacked the validity of the impeachment with a motion to dismiss the proceedings.

Failure to conclude arguments on the motion resulted in no decision. Adjournment was taken until Monday.

Meanwhile Governor Sulzer formally conceded that he had no right to exercise the functions of chief executive pending the determination of the impeachment.

This he did in a letter to Lieutenant Governor Glynn, turning over to the latter a request for the extradition of a prisoner.

Mr. Sulzer explained that he had taken such action because of recent decisions of the supreme court.

After striving in vain to obtain anti-Sulzer votes to insure the passage of additional impeachment charges Majority Leader Levy moved that the assembly recess until next Thursday.

Adopted Amid Joyful Shouts.

The motion was adopted amid shouts of joy and members who had been imprisoned in the chamber for hours dashed for trains and their homes.

In making the motion for a recess Mr. Levy explained that the senate had adjourned until the same day and that even if the board of managers put additional charges through the assembly the senate could not be notified immediately.

He made an urgent plea for a full attendance next Thursday.

The session of the court of impeachment was given over to legal argument and indications are that Monday and Tuesday would be similarly occupied, precluding the calling of witnesses until Wednesday.

The motion to dismiss the impeachment was made by Attorney Louis Marshall, who read a brief purporting to show that the impeachment was unconstitutional. He argued that the impeachment was brought while the assembly was in extraordinary session and entitled to act solely on matters presented to it by the governor.

Long List of Precedents.

The attorney cited a long list of precedents to prove his contention, drawing parallel in English law and that of other states.

He dwelt at length on the amendment of the New York state constitution adopted in 1875 which contained the following clause:

"At extraordinary sessions no subject shall be acted upon except such as the governor may recommend for consideration."

Mr. Marshall's argument will be answered, according to present plans, by Mr. Parker for the managers.

In event the court again rules against the governor, according to plans outlined, D. Cady Herick will move to strike out the first, second and sixth articles of impeachment on the ground that they pertain to acts committed by the governor before he took the oath of office and are not within the jurisdiction of the court.

These articles all have to do with the governor's campaign contributions; the act of perjury he is alleged to have committed in failing to include certain contributions in his sworn report and the act of larceny in the alleged use of omitted contributions for speculation in Wall Street. Austin G. Fox will support Mr. Herick.

It was announced that the historic scrap would never again be held.

VETERANS SELECT DETROIT

Next Year's Encampment Will Be Held in Home State of the New Commander—Old Soldiers Profess Closer Relationship Between North and South as Result of Chattanooga Gathering.

Chattanooga, Tenn., Sept. 20.—Former Congressman Washington Gardner of Albion, Mich., was elected commander-in-chief of the Grand Army of the Republic at the final business session of the forty-seventh annual encampment.

Detroit, Mich., was selected as the meeting place for the 1914 encampment.

Only delegates were admitted to any of the official sessions of the encampment, but it is understood that Commander Gardner's nearest opponent during the balloting was Colonel C. E. Adams of Superior, Neb.

Thomas S. Soward, Guthrie, Okla., was elected senior vice commander; William L. Rowe, Pittsfield, Me., junior vice commander; J. K. Weaver, Morristown, Pa., surgeon general, and Horace M. Carr, Carsons, Kan., chaplain general.

Immediately after the election of officers was completed the commander-in-chief announced the appointment of Oscar A. James, Detroit, Mich., as adjutant general and Colonel D. R. Stowitz of Buffalo, N. Y., as quartermaster general.

Has Splendid War Record.

Commander-in-Chief Gardner was born in Morrow county, O., in February, 1845. At the age of sixteen he enlisted in Company D, Sixty-fifth Ohio volunteer infantry. He was on duty continuously from 1861, under Buell in the Army of the Ohio, under Rosecrans in the Army of the Cumberland and under Thomas and Sherman in the campaign against Atlanta until disabled by a gunshot wound during the battle of Resaca, May, 1864.

For several years after the war Commander Gardner attended college and later was a professor in Albion college, Michigan.

He served for five years as secretary of state for Michigan and for twelve years represented the Third Michigan district in the United States congress.

A general exodus of veterans and delegates attending sessions of allied organizations began.

In bidding their hosts and hostesses farewell at the railroad stations veterans and visitors professed a closer relationship between the North and South as a result of the encampment.

The veterans tabled what was termed the Torrance resolution, introduced by General Eli Torrance of Minnesota, providing federal aid for Confederate soldiers' homes, on the ground that the matter was up to congress.

It is asserted Dr. Sun Yat Sen landed at Victoria from Japan on the last trip of the Japanese liner Chicago Maru.

CROP MOVING BEGINS.

WASHINGTON GARDNER.

Chosen Commander-in-Chief of Grand Army.

ARE APPEALING TO WILSON

Conferees Deadlocked on Dozens of Questions.

Washington, Sept. 20.—Hope of the conferees of the house and senate to reach an agreement in the next few weeks on the tariff bill went glimmering when the conference adjourned with about eighteen questions still in dispute.

Some dozen of these have produced determined deadlocks, with all sides appealing to President Wilson for assistance.

The house receded from its demand for free ferro manganese and the senate compromised on the house rates on angora wool and mohair, which had been free listed.

MINISTER MAKES EFFECTIVE PLEA

Persuades Mob to Give Up Idea of Lynching.

Cass Lake, Minn., Sept. 20.—Mob violence was narrowly averted here by Archdeacon Parshall of the Protestant Episcopal church, who pleaded with a crowd of men to let the law take its course in the case of John Lloyd, slayer of Dan Lilly, a bartender in Marshik's saloon.

In attempting to quiet Lloyd, who was creating a disturbance in the saloon, Lilly engaged in a scuffle with him and during the altercation Lloyd drew a revolver, shooting Lilly and killing him.

A posse of fifty men apprehended Lloyd within an hour after the shooting. On learning of the capture of Lilly's assailant a crowd gathered about the jail and threatened to take the prisoner from the guards by force. Rev. Mr. Parshall's plea was made when the mob appeared to be beyond control of the officers.

RUMORS TO BE INVESTIGATED

Said "Big Tim" Sullivan May Have Been Victim of Thugs.

New York, Sept. 20.—An investigation into "certain features" of the death of Congressman Timothy D. Sullivan, whose mangled body was recently found at a railroad crossing in the Bronx borough, was begun by District Attorney Whitman. Mr. Whitman would go no further than to say nothing definite had developed as yet.

Since the funeral of "Big Tim" rumors have been persistent that he had not met death accidentally, some versions being that he had been set upon by footpads and left unconscious on the tracks. No autopsy was performed on his body. Coroner Healey has set Sept. 29 as the date for the inquest.

Fisherman Hooks Body of Suicide.

Marinette, Wis., Sept. 20.—While fishing Martin Sanders, Escanaba, Mich., hooked what he thought must be a big muscalonge. He brought the object to the surface. It was the body of Christ Sorenson, forty-eight years old, of Escanaba, who disappeared a week ago. Sorenson committed suicide because he could not obtain work.

PARTY UNITED ON CURRENCY BILL

Firm Hand of Wilson Brings Democrats Together.

FOR AN OFFICIAL JOURNAL.

Representative Hobson Introduces Bill Appropriating Funds For Publication With 1,500,000 Circulation, Free, Giving News of Government Affairs. Trip to Knoxville, Tenn.

By ARTHUR W. DUNN.

Washington, Sept. 20.—[Special.]—Many Democrats have had doubts and misgivings about attempting currency legislation at this session of congress. "Twenty years ago," remarked one sage, "the Democrats were united on the tariff and divided on the money question and went out of power for sixteen years. History is likely to repeat itself." But it appears that the Democrats are not to be divided on the money question. In reality they were as much divided on the tariff as they were on currency, but the firm hand of Woodrow Wilson brought them together in harmony, so that only the Louisiana men strayed from the fold. And it looks as if that same guiding hand was going to harmonize party differences on the money question. Already that has been accomplished in the house, and it is likely to follow in the senate. Besides, there are quite a number of Republicans who may vote for the Wilson currency bill.

An Official Journal.
Possibly it was because the house determined to shut off press agents in the departments, but at least something inspired Congressman Hobson to introduce a bill for an official journal with 1,500,000 free circulation. The paper is to be under a joint commission of two representatives, one senator, one supreme court justice and the president. These designate a board of managers. Each senator would have 25,000 copies and each representative 15,000. The idea is not new. Senator Bacon oftentimes has advocated such a publication so news of government affairs may go to the country. But few men have supported the idea of an official journal.

Just a Little Trip.

No voice is raised against the big junkies, such as to the Philippines, Panama and Alaska, but when there was a proposition for just a little trip to Knoxville, Tenn., fifteen members to attend the conservation exposition, the cost being \$612.50, there were criticisms in the house. Dr. Foster of Illinois expressed the hope that his friend Austin of Tennessee would go and learn something about conservation. Then Madden of Illinois said that only conservationists should be selected to go, and "they should be the handsomest men in the house if they are to go on exhibition."

"We expect to have the gentleman from Illinois," replied Pepper of Iowa, who had charge of the matter.

Then Jerry Donovan of Connecticut broke into the proceedings. "Chairman Fitzgerald," he said, "told the house that the Democrats had already spent \$100,000 more from the contingent fund than the Republicans, and you are keeping up this waste. I have no particular objection to what goes on in Tennessee, and fifteen members of this house can have their expenses paid—parlor fare, imported cigars, the proverbial small bird and cold bottle. I will be satisfied with the noise I have already made."

Gone to a Graveyard.

Congressman Byrnes of South Carolina has introduced a bill to spend \$10,000,000 on roads where there are rural post routes. Many such measures have been introduced before and have gone to different committees, but the Byrnes bill has gone to the appropriations committee. That is a sure enough graveyard, for no one can imagine Fitzgerald allowing \$10,000,000 going out of his committee for roadmaking, especially as he has always fought such appropriations for many years. Another South Carolina man, Finley, thinks the only way road legislation can pass is through the postoffice committee, of which he is a member, while still another, Lever, says it must come from agriculture, of which he is chairman.

Harping on the Caucus.

During the debate on the tariff bill Senator Fall of New Mexico asked Senator Stone of Missouri "if the only way to get into the Democratic party is to swear allegiance to the Democratic caucus."

"Has the senator some idea of entering the fold?" asked Stone.

"I was once a Democrat," said Fall, "but when I had to be bound by the caucus I left."

"Oh, if you want to come back we'll absolve you from the caucus and give you full liberty," replied Stone.

Passing Bouquets.

Rather a touching ceremony was that when the tariff bill had passed the senate and Senator Gallinger tossed a bouquet to Chairman Simmons and Simmons threw bouquets all about the chamber. To some extent the pretty things said were merited, for there has been very little acrimony or disagreeable incidents over the tariff bill, less than was engendered over any other bill.

SCHMIDT IS READY TO DIE

Slayer of New York Woman Makes Statement.

New York, Sept. 20.—Hans Schmidt, slayer of Anna Ammiller, asked for quick death in a statement.

"The district attorney wants me to go to the electric chair and I want to go," he said. "What's the use of delaying?"

Schmidt afterwards expressed ideas on the taking of human life that fitted in with the theory of Inspector Faurot, in charge of the murder investigation, that the priest might have been planning a series of homicides.

He declared himself a believer in euthanasia and that he would be right in taking the lives of the crippled and of persons undergoing mental or physical suffering, according to detectives who talked with him.

"I believe I would be carrying out God's will," Schmidt said. "If I put out of this world all such persons, I would end their lives without their suffering any pain."

TRAGEDY FOLLOWS AUTO CAROUSAL

Two Men Killed and Woman Seriously Wounded.

San Francisco, Sept. 20.—William Acker, a chauffeur, and George Kovack, watchman in a downtown garage, were shot and killed and Mrs. Kate Gallagher dangerously wounded as the sequel to an automobile ride to a beach resort followed by a carousal in the garage.

A. R. Coulson, proprietor of a large poultry supply house, was arrested, charged with the shooting.

No one out of the trio that formed the automobile party was in the garage when the murderer entered. Mrs. Gallagher was found some time later on the street, where she had fallen, and before lapsing into unconsciousness declared Coulson had shot her. A trail of blood she had left was traced to the garage where the dead men lay.

Acker, the chauffeur, had been killed as he leaned against his motor car. Kovack, who was learned later from the woman, was shot while in the garage office, where she had fled from the murderer.

Coulson's wife was committed to a state asylum for the insane about five years ago and since then he and Mrs. Gallagher had been close friends, according to the woman's statement. That he was insanely jealous of her was her explanation of the tragedy.

Candidate Asserts Provisional President Huerta Will Take No Interest in the Impending Election Beyond Seeing That It Is Conducted in a Proper Manner.

Paris, Sept. 20.—Felix Diaz asserted General Huerta will take no interest in the impending Mexican election beyond seeing that it is properly conducted.

General Diaz said he was confident of the success of his own candidacy for president. He declared his friends in Mexico are working hard to elect him.

He also was optimistic with regard to the situation in general in Mexico and thought that everything now pointed to the early establishment of peace.

General Diaz said he had seen the dispatch from Mexico City in the Paris newspapers announcing that he had been summoned back to Mexico by President Huerta, but that this was all he knew about the matter.

Thus far, he said, he had received no order for recall, but should hold himself in readiness to start at a moment's notice.

LIND TO STAY IN MEXICO

Will Not Be Withdrawn Until After the Election.

Vera Cruz, Sept. 20.—It is assumed here that, while the Washington administration is willing to give President Huerta the benefit of the doubt regarding his intention to hold a presidential election next month, John Lind, President Wilson's personal representative, will not be withdrawn from Mexico until after the election and possibly not until he has witnessed the character of the reception given the newly elected executive.

FINDS SUPPOSED TREASURE

Man Stumbles Over Bar of Metal Believed to Be Gold.

La Crosse, Wis., Sept. 20.—While walking in the woods near Fountain City, Wis., Herman Hurtizer, proprietor of the Eagle hotel, stumbled over a bar of metal one foot long and four inches square, which is believed to be a bar of gold worth \$40,000 or \$50,000. It has been sent to the state university at Madison for assay. About twenty-three years ago a Burlington express car, en route from Seattle to Philadelphia with a shipment of gold, was robbed near Victory, Wis., and at the time the robbers were said to have hidden their loot near Fountain City.

SLAYS WIFE AND HIMSELF

Tragedy Apparently Due to Domestic Difficulties.

Superior, Wis., Sept. 20.—Axel Sjodin, dock worker, persuaded his wife to return home from the house to which she had gone to live ten days ago. Shortly after her return he struck her on the head with a hammer, carried her into an adjoining room and cut her throat and then shot himself through the head, falling across the woman's body.

A writing tablet, upon the cover of which was inscribed, "Let the police take care of this," contained a long letter in Swedish in which Sjodin made charges against his wife and named another man.

He was on duty continuously from 1861, under Buell in the Army of the Ohio, under Rosecrans in the Army of the Cumberland and under Thomas and Sherman in the campaign against Atlanta until disabled by a gunshot wound during the battle of Resaca, May, 1864.

For several years after the war Commander Gardner attended college and later was a professor in Albion college, Michigan.

He served for five years as secretary of state for Michigan and for twelve years represented the Third Michigan district in the United States congress.

A general exodus of veterans and delegates attending sessions of allied organizations began.

In bidding their hosts and hostesses farewell at the railroad stations veterans and visitors professed a closer relationship between the North and South as a result of the encampment.

The veterans tabled what was termed the Torrance resolution, introduced by General Eli Torrance of Minnesota, providing federal aid for Confederate soldiers' homes, on the ground that the matter was up to congress.

SUN YAT SEN IN VANCOUVER

Leader of Chinese Revolt Said to Be En Route to England.

Vancouver, B. C., Sept. 20.—Traveling incognito as Wong Kwok Yin, Dr. Sun Yat Sen, former provisional president of the Chinese republic and leader of the movement which overthrew the Manchus in the recent revolt against President Yuan Shi Kai, is said to be in Vancouver. He was recognized by compatriots, despite the fact that his appearance had been altered by shaving off his moustache.

He is said to be en route to England. It is asserted Dr. Sun Yat Sen landed at Victoria from Japan on the last trip of the Japanese liner Chicago Maru.

WASHINGTON GARDNER.

Chosen Commander-in-Chief of Grand Army.

ARE APPEALING TO WILSON

Conferees Deadlocked on Dozens of Questions.

Washington, Sept. 20.—Hope of the conferees of the house and senate to reach an agreement in the next few weeks on the tariff bill went glimmering when the conference adjourned with about eighteen questions still in disagreement.

Some dozen of these have produced determined deadlocks, with all sides appealing to President Wilson for assistance.

The house receded from its demand for free ferro manganese and the senate compromised on the house rates on angora wool and mohair, which had been free listed.

MINISTER MAKES EFFECTIVE PLEA

Persuades Mob to Give Up Idea of Lynching.

Cass Lake, Minn., Sept. 20.—Mob violence was narrowly averted here by Archdeacon Parshall of the Protestant Episcopal church, who pleaded with a crowd of men to let the law take its course in the case of John Lloyd, slayer of Dan Lilly, a bartender in Marshik's saloon.

In attempting to quiet Lloyd, who was creating a disturbance in the saloon, Lilly engaged in a scuffle with him and during the altercation Lloyd drew a revolver, shooting Lilly and killing him.

A posse of fifty men apprehended Lloyd within an hour after the shooting. On learning of the capture of Lilly's assailant a crowd gathered about the jail and threatened to take the prisoner from the guards by force.

Rev. Mr. Parshall's plea was made when the mob appeared to be beyond control of the officers.

Panama, Sept. 20.—Colonel George W. Goethals, chairman of the Panama canal commission, acting on the recommendation of Governor Metcalf, ordered the pardon of J. Frank Houston of Kentucky, a former canal employee, sentenced to serve ten years imprisonment for killing Harry Stern at Gatun.

The killing was the outcome of jealousy on the part of Houston because of relations between Stern and Mrs. Houston.

RUMORS TO BE INVESTIGATED

Said "Big Tim" Sullivan May Have Been Victim of Thugs.

New York, Sept. 20.—An investigation into "certain features" of the death of Congressman Timothy D. Sullivan, whose mangled body was recently found at a railroad crossing in the Bronx borough, was begun by District Attorney Whitman. Mr. Whitman would go no further than to say nothing definite had developed as yet.

Since the funeral of "Big Tim" rumors have been persistent that he had not met death accidentally, some versions being that he had been set upon by footpads and left unconscious on the tracks. No autopsy was performed on his body. Coroner Healey has set Sept. 29 as the date for the inquest.

Fisherman Hooks Body of Suicide.

Marinette, Wis., Sept. 20.—While fishing Martin Sanders, Escanaba, Mich., hooked what he thought must be a big muskallonge. He brought the object to the surface. It was the body of Christ Sorenson, forty-eight years old, of Escanaba, who disappeared a week ago. Sorenson committed suicide because he could not obtain work.

PARTY UNITED ON CURRENCY BILL

Firm Hand of Wilson Brings Democrats Together.

FOR AN OFFICIAL JOURNAL.

Representative Hobson Introduces Bill Appropriating Funds For Publication With 1,500,000 Circulation, Free, Giving News of Government Affairs, Trip to Knoxville, Tenn.

By ARTHUR W. DUNN.

Washington, Sept. 20.—[Special.]—Many Democrats have had doubts and misgivings about attempting currency legislation at this session of congress. "Twenty years ago," remarked one sage, "the Democrats were united on the tariff and divided on the money question and went out of power for sixteen years. History is likely to repeat itself." But it appears that the Democrats are not to be divided on the money question. In reality they were as much divided on the tariff as they were on currency, but the firm hand of Woodrow Wilson brought them together in harmony, so that only the Louisiana men strayed from the fold. And it looks as if that same guiding hand was going to harmonize party differences on the money question. Already that has been accomplished in the house, and it is likely to follow in the senate. Besides, there are quite a number of Republicans who may vote for the Wilson currency bill.

An Official Journal.

Possibly it was because the house determined to shut off press agents in the departments, but at least something inspired Congressman Hobson to introduce a bill for an official journal with 1,500,000 free circulation. The paper is to be under a joint commission of two representatives, one senator, one supreme court justice and the president. These designate a board of managers. Each senator would have 25,000 copies and each representative 15,000. The idea is not new. Senator Bacon oftentimes has advocated such a publication so news of government affairs may go to the country. But few men have supported the idea of an official journal.

Just a Little Trip.

No voice is raised against the big junkies, such as all the Philippines, Panama and Alaska, but when there was a proposition for just a little trip to Knoxville, Tenn., by fifteen members to attend the conservation exposition, the cost being \$612.50, there were criticisms in the house. Dr. Foster of Illinois expressed the hope that his friend Austin of Tennessee would go and learn something about conservation. Then Madden of Illinois said that only conservationists should be selected to go, and "they should be the handsomest men in the house if they are to go on exhibition."

"We expect to have the gentleman from Illinois," replied Pepper of Iowa, who had charge of the matter.

Then Jerry Donovan of Connecticut broke into the proceedings. "Chairman Fitzgerald," he said, "told the house that the Democrats had already spent \$100,000 more from the contingent fund than the Republicans, and you are keeping up this waste. I have no particular objection to what goes on in Tennessee, and fifteen members of this house can have their expenses paid—parlor fare, imported cigars, the proverbial small bird and cold bottle. I will be satisfied with the noise I have already made."

Gone to a Graveyard.

Congressman Byrnes of South Carolina has introduced a bill to spend \$10,000,000 on roads where there are rural post routes. Many such measures have been introduced before and have gone to different committees, but the Byrnes bill has gone to the appropriations committee. That is a sure enough graveyard, for no one can imagine Fitzgerald allowing \$10,000,000 to go out of his committee for roadmaking, especially as he has always fought all such appropriations for many years.

Another South Carolina man, Finley, thinks the only way road legislation can pass is through the postoffice committee, of which he is a member, while still another, Lever, says it must come from agriculture, of which he is chairman.

Harping on the Caucus.

During the debate on the tariff bill Senator Fall of New Mexico asked Senator Stone of Missouri "If the only way to get into the Democratic party is to swear allegiance to the Democratic caucus."

"Has the senator some idea of entering the fold?" asked Stone.

"I was once a Democrat," said Fall, "but when I had to be bound by the caucus I left."

"Oh, if you want to come back we'll absolve you from the caucus and give you full liberty," replied Stone.

Passing Bouquets.

Rather a touching ceremony was that when the tariff bill had passed the senate and Senator Gallinger tossed a bouquet to Chairman Simmons and Simmons threw bouquets all about the chamber. To some extent the pretty things said were merited, for there has been very little acrimony or disagreeable incidents over the tariff bill, less than was engendered over any other bill.

SCHMIDT IS READY TO DIE

Slayer of New York Woman Makes Statement.

New York, Sept. 20.—Hans Schmidt, slayer of Anna Amuller, asked for quick death in a statement.

"The district attorney wants me to go to the electric chair and I want to go," he said. "What's the use of delaying?"

Schmidt afterwards expressed ideas on the taking of human life that fitted in with the theory of Inspector Faurot, in charge of the murder investigation, that the priest might have been planning a series of homicides.

He declared himself a believer in euthanasia and that he would be right in taking the lives of the crippled and of persons undergoing mental or physical suffering, according to detectives who talked with him.

"I believe I would be carrying out God's will," Schmidt said, "if I put out of this world all such persons. I would end their lives without their suffering any pain."

TRAGEDY FOLLOWS AUTO CAROUSAL

Two Men Killed and Woman Seriously Wounded.

San Francisco, Sept. 20.—William Acker, a chauffeur, and George Kovack, watchman in a downtown garage, were shot and killed and Mrs. Kate Gallagher dangerously wounded as the sequel to an automobile ride to a beach resort followed by a carousal in the garage.

A. R. Coulson, proprietor of a large poultry supply house, was arrested charged with the shooting.

No one out of the trio that formed the automobile party was in the garage when the murderer entered. Mrs. Gallagher was found some time later on the street, where she had fallen, and before lapsing into unconsciousness declared Coulson had shot her. A trail of blood she had left was traced to the garage where the dead men lay.

Acker, the chauffeur, had been killed as he leaned against his motor car. Kovack, it was learned later from the woman, was shot while in the garage office, where she had fled from the murderer.

Coulson's wife was committed to a state asylum for the insane about five years ago and since then he and Mrs. Gallagher had been close friends, according to the woman's statement. That he was insanely jealous of her was her explanation of the tragedy.

HIS FRIENDS WORKING HARD

Candidate Asserts Provisional President Huerta Will Take No Interest in the Impending Election Beyond Seeing That It is Conducted in a Proper Manner.

Paris, Sept. 20.—Felix Diaz asserted General Huerta will take no interest in the impending Mexican election beyond seeing that it is properly conducted.

General Diaz said he was confident of the success of his own candidacy for president. He declared his friends in Mexico are working hard to elect him.

He also was optimistic with regard to the situation in general in Mexico and thought that everything now pointed to the early establishment of peace.

General Diaz said he had seen the dispatch from Mexico City in the Paris newspapers announcing that he had been summoned back to Mexico by President Huerta, but that this was all he knew about the matter.

Thus far, he said, he had received no order for recall, but should hold himself in readiness to start at a moment's notice.

LIND TO STAY IN MEXICO

Will Not Be Withdrawn Until After the Election.

Vera Cruz, Sept. 20.—It is assumed here that, while the Washington administration is willing to give President Huerta the benefit of the doubt regarding his intention to hold a presidential election next month, John Lind, President Wilson's personal representative, will not be withdrawn from Mexico until after the election and possibly not until he has witnessed the character of the reception given the newly elected executive.

Man Stumbles Over Bar of Metal Believed to Be Gold.

La Crosse, Wis., Sept. 20.—While walking in the woods near Fountain City, Wis., Herman Hurtizer, proprietor of the Eagle hotel, stumbled over a bar of metal one foot long and four inches square, which is believed to be a bar of gold worth \$40,000 or \$50,000. It has been sent to the state university at Madison for assay.

About twenty-three years ago a Burlington express car, en route from Seattle to Philadelphia with a shipment of gold, was robbed near Victory, Wis., and at the time the robbers were said to have hidden their loot near Fountain City.

Opsahl and the two photos, now measuring 11 by 14 inches, are on display in the Johnson pharmacy windows. One reveals Bush about to hurl his smoke ball over the plate and is the attitude he assumed when fanning out three St. Louis batters in the ninth inning. The other picture shows Bush at ease wearing his big blue sweater bearing on its breast the two white elephants and on the sleeves the "A" of the Athletics. Bush stands good to make \$2,000 or \$3,000 as his share of the world's series with New York. Take a look at the pictures and see how clearly an Eastman kodak takes pictures.

AFTERNOON AT
COUNTY FAIR

The U. C. T.-Brainerd Merchants
Team Defeated by Emily 11
to 3 in Baseball Game

PEQUOT GETS TUG OF WAR

The Program of Sports—R. R. Wise
takes 14 out of 16 Prizes at
the County Fair

"Brainerd Day" at the Crow Wing
county fair was one of the biggest
things that ever happened in the his-
tory of the fair association. Credit
is due R. R. Wise, director of the
fair, F. H. Gruenhagen and other
Brainerd men for the success achieved
in getting up the big crowd of Brain-
erd people for "Brainerd Day," and in
doing their part to make the fair a
success.

Everyone enjoyed each minute of
his stay in the hospitable town of
Pequot. The fair and its many ex-
hibits and attractions was a pleasant
revelation of the successful strides
made by Crow Wing county and it
also showed that the fair associa-
tion is a live body, enthusiastic and
up to the minute in keeping pace with
the general growth and prosperity
of Crow Wing county.

A program of races and sports was
held at the fair grounds after the
noon hour. Pequot won the tug of
war. On the Brainerd team were
F. H. Gruenhagen, Rev. Hostager,
County Commissioner Kreech, Deputy
Sheriff Claus Theorin and Geo. Schra-
pel, a distinguished quintette, but the
Pequoters beat them.

Then there were races of all kinds
and the two wrestling matches re-
fused by Dr. F. J. Sykora.

The U. C. T. team and the Brain-
erd Merchants team were made one
nine, as neither one had its entire
quota of players there. This did
away with the first game scheduled
to be played between these nine.
This U. C. T.-Merchants nine played
the Emily nine at the fair grounds,
and the Emily boys won by the score
of 11 to 3.

Brainerd had the following lineup:
Parker catcher, Russell second base,
Senulstad left field, Reich first base,
Manning right field, Stallman third
base, Anderson pitcher and left field,
Turcotte shortstop and left field,
Goldberry left field, Bush shortstop
and pitcher.

The Emily lineup was Buchite cen-
ter field, Atwater third base, R. An-
drews shortstop, Craig second base,
Webb pitcher, Engerham catcher, R.
Johnson left field, Kinler right field,
Mills first base.

Hits off Webb 6, of Anderson 11
in 5 innings, off Bush 5 in 4 innings.
Struck out by Webb 6, by Anderson 3.
Bush 1. Bases on balls off Webb 1,
Anderson 2, Bush 1. Stolen bases
Emily 3, Brainerd 3. Left on bases
Emily 3, Brainerd 6. Passed ball
Parker 2. Three base hit, Quinn
Parker. Two base hits Russell and
Craig.

Score by Innings:
Emily ---0 0 0 4 2 0 5 0 x---11
Brainerd --0 0 1 0 1 0 0 0 1---3

The game was played at the fair
grounds commencing at three o'clock.
The umpires were E. J. Warner of Pe-
quot and Alderman Art Lagerquist of
Brainerd. Both survived the ordeal.

Bush was jumped into the game
before he had a chance to warm up
and wore his high collar right
through the perspiring three innings.
The game was virtually lost when he
was called upon to pull the U. C. T.-
Merchant machine out of the rack.
The Emily team played well and each

man handled himself well. They
were a credit to the game.

United Commercial Travelers Coun-
cil No. 545, only six days old, was
the best represented organization at
the fair, turning out 15 members on
the morning special. C. P. Cocks had
an exhibit at the fair showing apples
he had raised in his backyard, and
cultivated in spare moments when off
the road.

Brainerd was well represented
among the prize winners. F. H.
Gruenhagen won the silver cup do-
nated by the Northern Pacific rail-
way company for the best bred dairy
calves. R. R. Wise won 14 out of
16 prizes with the cattle, grains and
grasses he exhibited. W. H. Cloud,
vice president of the fair and F. W.
Ford, secretary, have promised the
Dispatch a list of all prize winners
and it will be published when re-
ceived in the Daily and Weekly Dis-
patch.

The hotel accommodations were
good. When the special was about
to pull out, W. R. Anderson, of the
Anderson hotel, expressed his thanks
to the Brainerd people for their part
in making the county fair a success.
Col. C. D. Johnson responded in his
happiest vein and the train was held
ten minutes until he concluded his
peroration which reached the high-
est flights of eloquence and reverber-
ated the whole length of the train.

While the fireman was getting up
steam F. W. Ford came in and
begged the train crew to hold up the
train seven hours in order to give
the Brainerd people time to attend
dance which had been arranged
for, members of the Brainerd City
band having formed a Crow Wing
County fair orchestra and who were
now tuning up. The train crew said
Mr. Gemmell had ordered them home
at 7 o'clock and "orders was orders."
However, many Brainerd young
people availed themselves of the op-
portunity to dance in Pequot and
they danced to their hearts' content
and came home on the regular M. & I.
train.

A summary of the sports program
has been promised the Dispatch and
will be published when received.

The Brainerd City band did its
share to make the day a lively one,
playing at the depot, at the fair
grounds, on the streets and its con-
cert program will long be remembered
by Crow Wing county people as be-
ing the best music ever heard in Pe-
quot or at any county fair.

ALL MEETINGS
OPEN TO PUBLIC

Public Invited to Attend Three Days'
Convention of State Federation
of Womens' Clubs

AT BRAINERD, SEPT. 23, 24, 25

Exhibits of Handcraft at Commercial
Club Rooms—Some Speakers
on Program

The various committees of the
Brainerd Musical club having com-
pleted arrangements for entertaining
the state federation delegates, it now
remains for the club to announce
that all meetings during the three
days' convention are open to the pub-
lic; the men and women of Brain-
erd are not only invited but urged to
attend. The meetings are of such
nature that those who go may, in a
large measure, come into contact
with civic conditions throughout the
entire state, and may get a broader
vision of what is being quietly ac-
complished in every town toward pro-
viding better things for all who live
in our commonwealth.

While the official program has not
yet been received it is known that it
covers a range of subjects that can-
not fail to give something of benefit
and interest to everyone.

During the entire three days' per-
iod, there will be in the Commercial
club rooms, exhibits of various kinds
of handcraft, made by various public
institutions, and individuals. Many
women of the state have become in-
terested in the exquisite lace and
needlework, made in many of the
smaller settlements of foreigners,
and are attempting to give the pub-
lic a chance to know and appreciate
the art that exists unknown in our
own state. It is hoped that this will
bring about a market for the work,
and will afford for these women and
girls who have brought this art from
their fatherhood, a means of mak-
ing it pay, as well as making it
worth their while to keep up their
skill in it and to teach it to others.
It is an industry well worth encourag-
ing.

Also there will be specimens of
metal craft and clay modeling, show-
ing what is being done in those
branches of art in the state. Mr.
Flagg, of the State Handcraft society,
will show complete plans for the
model farm, as well as a miniature
model farm house, which cannot fail
to give valuable and useful ideas to
those of our townsmen who are real-
izing and making practicable the ag-
ricultural resources of our communi-
ty. It is expected that there will
also be a number of pictures from
the state art society.

Among the women on the pro-
gram will be Mrs. J. C. Higbee, of St.
Paul, who for years has been iden-
tified with every activity for good that
that city has undertaken. During the
lifetime of her husband, Dr. Hig-
bee, they both were in the vanguard
of every philanthropic movement, and
since her husband's death Mrs. Hig-
bee has given her life to the genu-
ine effort of making, at least, her
part of this world move like the ideal
kingdom.

Miss Maria Sanford of the Uni-
versity of Minnesota, during her
long years of teaching, has always
made paramount the attempt to show
to her young men and women the
way to make ideals practicable, and
to hold to, and accomplish a large
conception of citizenship. Both these
women are convincing in their un-
selfish effort, and give inspiration to
their hearers, because they bring
their messages from long and deep
experience.

Dr. Hurd, of Minneapolis, who
speaks also at one of the day meet-
ings, is now in the employ of one of
the state philanthropic societies, and
devotes all her time and effort to
promoting the health and welfare of
young people.

Miss Wood, also from Minneapolis,
will give a talk on reading and
stories for children and the mothers
and older children cannot afford to
miss her entertaining and instruc-
tive talk.

The evening meetings will be of
general interest, the first one being
devoted to the discussion of the wel-
fare of children; the second, a mus-
ical entertainment, and the third a
lecture "How to Keep the Girls on
the Farm," by Dr. George E. Vincent,
president of the University of Min-
nesota.

All morning and afternoon sessions
will be in the Commercial club
rooms, the Tuesday evening meeting
in the First Congregational church,
the Wednesday and Thursday eve-
ning meetings in Park opera house.
These are open to everyone except
small children.
Following Dr. Vincent's lecture on

Wednesday evening, there will be an
informal reception for all club mem-
bers, and their escorts, and all visit-
ors and delegates. The delegates to
the convention from the Brainerd
Musical club are Mrs. P. W. Donovan,
Mrs. W. C. Cobb and Mrs. Walter
Courtney.

IN MUNICIPAL COURT

One Arrest for Speeding—Gust
Schmidt Found Guilty of Selling
Liquor Without License

Neill O'Brien was accused of
speeding and turning a wrong cor-
ner, Officer Mike Setula claiming he
had broken a traffic law. He was
in municipal court and plead not
guilty, the case being continued to
Wednesday, September 24.

Gust Schmidt, of Oreland, was
charged with selling liquor after his
saloon license had been revoked by
the township which had declared in
favor of being "dry." Schmidt was
found guilty after a hearing and
fined \$50 and costs or 60 days.

Frank Maki plead guilty to being
drunk and drew \$5 or 5 days. It re-
quired an interpreter to get his story.
He paid his fine in the afternoon.

James Murphy, of the steel gang
on the railway, plead guilty to being
drunk and he got 5 days or \$5.

"CASCARETS" ALWAYS
STRAIGHTEN YOU UP

If Costive, Headachy, Bilious, Stom-
ach Sour, Breath Bad—Clean
Your Liver and Bowels

Get a 10-cent box now.

You men and women who cant get
feeling right—who have headache,
coated tongue, foul taste and foul
breath, dizziness, cant sleep, are
bilious, nervous and upset, bothered
with a sick, gassy, disordered stom-
ach, or have backache and feel worn
out.

Are you keeping your bowels clean
with Cascarets, or merely forcing a
passageway every few days with salts,
cathartic pills or castor oil?

Cascarets work while you sleep;
cleanse the stomach, remove the sour,
undigested, fermenting food and foul
gases; take the excess bile from the
liver and carry out of the system all
the constipated waste matter and
poison in the bowels.

A Cascaret tonight will straighten
you out by morning—a 10-cent box
from any drug store will keep your
stomach sweet; liver and bowels regu-
lar, and head clear for months.
Don't forget the children. They love
Cascarets because they taste good—
never gripe or sicken.—Adv.

"Freckles"

Those who have read Gene Strat-
ton-Porter's charming story "Freck-
les" and loved the nameless waif for
his manly spirit, his light wit, Irish
lore, and his beautiful songs; and
who reverence "The Swamp Angel"
for her beauty and her chaste, wom-
anly character, will meet no disap-
pointment in the play.

"Freckles" is proving still a great-
er success as a play than has the nov-
el, which has been read by over a
million people.

It must not be understood that
"Freckles" is a play essentially with
a boy motive, because it is not.
There is plenty of action in the work-
ing out of its theme of the king that
"makes the pulse beat faster."

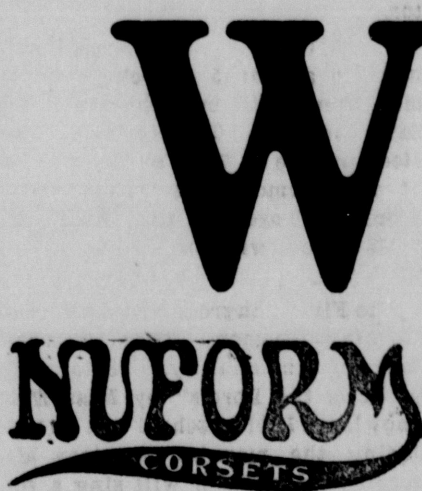

The play is great in its simplicity,
and the story is of absorbing interest
and an estimable example of the value
of doing right against all temptation.

A. G. Delamater's great scenic
production under the management
and direction of D. L. Martin with
an exceptionally strong cast will be
the attraction at the Brainerd opera
house Sunday, September 21.

AFTERNOON AT COUNTY FAIR

The U. C. T.-Brainerd Merchants Team Defeated by Emily 11 to 3 in Baseball Game

PEQUOT GETS TUG OF WAR

The Program of Sports—R. R. Wise takes 14 out of 16 Prizes at the County Fair

"Brainerd Day" at the Crow Wing county fair was one of the biggest things that ever happened in the history of the fair association. Credit is due R. R. Wise, director of the fair, F. H. Gruenhagen and other Brainerd men for the success achieved in getting up the big crowd of Brainerd people for "Brainerd Day," and in doing their part to make the fair a success.

Everyone enjoyed each minute of his stay in the hospitable town of Pequot. The fair and its many exhibits and attractions was a pleasant revelation of the successful strides made by Crow Wing county and it also showed that the fair association is a live body, enthusiastic and up to the minute in keeping pace with the general growth and prosperity of Crow Wing county.

A program of races and sports was held at the fair grounds after the noon hour. Pequot won the tug of war. On the Brainerd team were F. H. Gruenhagen, Rev. Hostager, County Commissioner Kreech, Deputy Sheriff Claus Theorin and Geo. Schraepel, a distinguished quintette, but the Pequoters beat them.

Then there were races of all kinds and the two wrestling matches refereed by Dr. F. J. Sykora.

The U. C. T. team and the Brainerd Merchants team were made one nine, as neither one had its entire quota of players there. This did away with the first game scheduled to be played between these nine. This U. C. T.-Merchants nine played the Emily nine at the fair grounds, and the Emily boys won by the score of 11 to 3.

Brainerd had the following lineup: Parker catcher, Russell second base, Schustad left field, Reich first base, Manning right field, Stallman third base, Anderson pitcher and left field, Turcotte shortstop and left field, Goldberry left field, Bush shortstop and pitcher.

The Emily lineup was Buchite center field, Atwater third base, R. Andrews shortstop, Craig second base, Webb pitcher, Engerham catcher, R. Johnson left field, Kinler right field, Mills first base.

Hits off Webb 6, of Anderson 11 in 5 innings, off Bush 5 in 4 innings. Struck out by Webb 6, by Anderson 3, Bush 1. Bases on balls off Webb 1, Anderson 2, Bush 1. Stolen bases Emily 3, Brainerd 3. Left on bases Emily 3, Brainerd 6. Passed ball Parker 2. Three base hit, Quinn Parker. Two base hits Russell and Craig.

Score by innings:
Emily ---0 0 0 4 2 0 5 0 x—11
Brainerd ---0 0 1 0 1 0 0 0 1—3

The game was played at the fair grounds commencing at three o'clock. The umpires were E. J. Warner of Pequot and Alderman Art Lagerquist of Brainerd. Both survived the ordeal.

Bush was jumped into the game before he had a chance to warm up and wore his high collar right through the perspiring three innings. The game was virtually lost when he was called upon to pull the U. C. T.-Merchant machine out of the ruck. The Emily team played well and each

man handled himself well. They were a credit to the game.

United Commercial Travelers Council No. 545, only six days old, was the best represented organization at the fair, turning out 15 members on the morning special. C. P. Cocks had an exhibit at the fair showing apples he had raised in his backyard, and cultivated in spare moments when off the road.

Brainerd was well represented among the prize winners. F. H. Gruenhagen won the silver cup donated by the Northern Pacific railway company for the best bred dairy calves. R. R. Wise won 14 out of 16 prizes with the cattle, grains and grasses he exhibited. W. H. Cloud, vice president of the fair and F. W. Ford, secretary, have promised the Dispatch a list of all prize winners and it will be published when received in the Daily and Weekly Dispatch.

The hotel accommodations were good. When the special was about to pull out, W. R. Anderson, of the Anderson hotel, expressed his thanks to the Brainerd people for their part in making the county fair a success. Col. C. D. Johnson responded in his happiest vein and the train was held ten minutes until he concluded his peroration which reached the highest flights of eloquence and reverberated the whole length of the train.

While the fireman was getting up steam F. W. Ford came in and begged the train crew to hold up the train seven hours in order to give the Brainerd people time to attend dance which had been arranged for, members of the Brainerd City band having formed a Crow Wing County fair orchestra and who were now tuning up. The train crew said Mr. Gemmell had ordered them home at 7 o'clock and "orders was orders."

However, many Brainerd young people availed themselves of the opportunity to dance in Pequot and they came to their hearts' content and came home on the regular M. & I. train.

A summary of the sports program has been promised the Dispatch and will be published when received. The Brainerd City band did its share to make the day a lively one, playing at the depot, at the fair grounds, on the streets and its concert program will long be remembered by Crow Wing county people as being the best music ever heard in Pequot or at any county fair.

The Absolute COMFORT and FREEDOM She Enjoys in Every Pose—Wearing

ATHENA UNDERWEAR

For Women, Misses, Children

in which every objectional feature of the usual knit garment has been entirely eliminated. Here are the features which will appeal to every woman who would know comfort, correctness, and daintiness in her knit underwear.

THE PATENT-FITTED SEAT—The most notable improvement ever made in underwear designing, being so shaped that it clings snugly to the figure in any posture.

THE THREE-CORNERED GUSSET—Relieves the strain at the thigh, giving greater comfort and longer wear.

THE PERFECTED SHOULDER STAY—Keeps the garment from stretching across the shoulder and holds the sleeve in place.

THE FITTED SHOULDER AND SLEEVE—Give the natural form to the bust and the proper tapering to the back.

THE EXTRA ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

SHAPING AND SIZING—Giving Athena garments the actual body lines and proportions affording sizes that will fit every figure with tailored precision.

You can buy Athena at the price you have been paying for ordinary underwear. Thirty-eight fabrics in high-neck and low-neck union suits and vests; ankle-length, knee-length, and umbrella drawers (twenty-eight distinctive shapes).
